Scott Butler

Senior Vice President, Program Execution

Scott Butler is senior vice president for program execution at General Dynamics Mission Systems, a business unit of General Dynamics. With more than 35 years in the industry, Mr. Butler brings an unequaled depth of understanding across engineering, manufacturing, supply chain and program management experience to his position where he is focused on strategic business pursuits and program execution across the enterprise.

Mr. Butler previously served the company as vice president and general manager of the Cyber Systems and C4ISR Technologies lines of business. Prior to that position, he served as vice president of Manufacturing and Logistics and has held several other leadership positions essential to the growth and success of General Dynamics Mission Systems over the course of his career.

Mr. Butler has a Bachelor of Science in Electrical Engineering from the University of Massachusetts-Dartmouth and is a member of the Association of the United States Army (AUSA) and Armed Forces Communications and Electronics Association (AFCEA).
