TACLANE-C175N CHVP Encryptor*

Overview

General Dynamics Mission Systems introduces the new TACLANE Universal Rack Mount Shelf Kit. Easily installed in a standard 19 inch rack in any IT closet, this rack mount shelf includes adjustable ears for full extension of up to 24-30 inches and includes hardware to securely hard-mount a combination of TACLANE encryption devices and power supplies. The rack mount shelf kit accommodates options for Quick Disconnect Accessory Trays in various sizes to support the easy and quick removal of encryption devices and power supplies to and from the tray, with a Locking Mechanism Feature for an added layer of security for mounted devices.

The TACLANE Universal Rack Mount Shelf Kit is a TACLANE Approved Product and has been specifically designed, tested, and validated by General Dynamics for use with TACLANE devices as well as ProtecD® Multi-Platform (KG-204) and TACDS® tactical cross domain solutions.

Supported Products

The TACLANE Universal Rack Mount Shelf Kit supports a combination of the following products including power supplies:
