**General Terms & Conditions**

- Delivery dates for all products will be established by General Dynamics at the time of order acceptance.
- All specifications, products and pricing are subject to change or discontinuance at anytime without notice.
- Prior written approval from the National Security Agency (General Dynamics will submit request) and a current COMSEC account is required for all purchases.
- All purchases are subject to the then current General Dynamics applicable standard terms and conditions.
- Use of ancillary items, parts or components not supplied by General Dynamics will void the product warranty and any maintenance support agreement, if applicable.

**Notes:**

1. Price includes 5 year hardware and software warranty and General Dynamics 24/7 Help Desk support. Price does not include installation or other support services.
2. Price includes 90-day hardware warranty coverage but does not include installation or support services.
3. Feature enhancement upgrades are not provided free of charge as part of the warranty coverage and must be purchased separately unless included in the encryptor purchase price as noted on the price list.
4. Unit maintenance is for one year or three years, as applicable, and includes General Dynamics Help Desk support. All maintenance is performed at General Dynamics Depot. When purchased, maintenance will cover a unit once any prior warranty or annual maintenance has expired. Unit must be in good working condition at the time of maintenance purchase. Serial number of unit must be provided at the time of ordering.
5. Please refer to our customer service website, [www.gdmissionsystems.com/infosecsupport](http://www.gdmissionsystems.com/infosecsupport) for Operator Training information.
6. One-time fixed price repair includes a 90-day workmanship/material warranty for the repair service performed.
7. Shipment charges to General Dynamics Depot are customer's responsibility.
8. Serial number of unit must be provided at the time of ordering.
9. The warranty for this feature enhancement will be covered under the warranty of the encryptor into which the Feature is installed. In the event that the remaining warranty coverage for the encryptor is less than 90 days or has expired, the warranty coverage for the feature will be 90 days.
10. An official COMSEC Letter of Destruction for the identified "trade-in" units must be shipped to General Dynamics Depot within 180 calendar days of the related new TACLANE-1G shipment. Eligible trade-in units include TACLANE-Micro, TACLANE-Classic/E100, TACLANE-Mini, TACLANE-GigE, Sectéra INE, KG-250, KG-255 or KG-245. Customer shall be responsible for payment of the Trade-in Differential (PN: 1G/TPD) in the event of non-compliance with these trade-in terms and time periods.
11. GEM One Standard Recipient Token that the feature will be initially managed by must be provided at the time of order for group license management. If GEM One Standard is not used to manage this license, the serial number of the unit the feature will be installed onto is required at the time of order.
