

21-003 – Enterprise Data Strategy Workshop

Title	Enterprise Data Strategy Workshop
Description	<p>General Dynamics Mission Systems is seeking a vendor-led enterprise data strategy workshop to facilitate the creation of an enterprise data strategy and roadmap. The selected vendor will be responsible for producing a General Dynamics IT-specific capability roadmap and data strategy document after a multi-day (2-4 day) engagement. We seek to utilize industry standards and best practices to develop a set of clear data capabilities, use cases and processes tailored to company business needs. These deliverables must map to technology capabilities that are needed to manage the full lifecycle of structured data in our environment. In General Dynamics Mission Systems, IT owns the platforms and technology capabilities, while the business owns the data. The strategy must recognize that distinction. U.S. persons/companies only.</p> <p>We believe a comprehensive data strategy includes the following, but are looking for guidance on scope.</p> <ul style="list-style-type: none"> • Identify: What are the business goals that identify our users' needs? • Process: Data management and integration framework. • Store: Persist data in a structure and location that supports easy, shared access and processing. • Provision: The process for granting access and making the data consumable and secure. • Govern: Concepts of tagging, categorization, data quality, retention and recovery. • Insights: Enable users to drive decisions with data, data visualization and predictive insights. <p><u>Interested parties should email a response including:</u></p> <ul style="list-style-type: none"> • Synopsis of company capabilities • Relevant experience summary with large scale enterprises and documentation on approaches taken • Detailed delivery outputs of proposed engagement • Contact for Non-Disclosure Agreement • DUNS Number and/or CAGE Code <p>Selected companies will receive detailed requirements and specifications. There will be a dialogue of ROM pricing and cost target.</p>
Keyword(s)	Data, Strategy, Data Vault, Workshop, Capability Roadmap, Technology
Response Instructions & Date	<p>Responses will be accepted thru 1/29/2021</p> <p>General Dynamics Mission Systems Innovation Sourcing Network (ISN)™ is seeking respondents to the following TechScout request. This TechScout request does not contain U.S. export controlled technical data or proprietary information and is approved by General Dynamics Mission Systems for public release and is in the public domain.</p> <p>Send email response to techscout@gd-ms.com</p> <p>TechScout responses should not contain any export controlled technical data or proprietary information.</p> <p><u>Response should include the following information:</u></p> <ul style="list-style-type: none"> • Synopsis of company capabilities • Relevant experience summary with large scale enterprises and documentation on approaches taken • Contact for Non-Disclosure Agreement • Detailed delivery outputs of proposed engagement • DUNS Number and/or CAGE Code

	<p><i>In your response, please identify whether you or your company are located outside the U.S. If located outside the U.S., please identify any home country export controls that will apply to your response.
