

# MADE FOR THE MISSION

*The Secure Products Ecosystem Designed to Protect the Nation's Most Critical Data*

**TACLANE**<sup>®</sup>

From NSA certification of the first encryption solution in 2000, TACLANE<sup>®</sup> has been securing our Nation's warfighters and their most critical networks and data around the world.

As the cyber ecosystem evolves, TACLANE is ready to safeguard missions and combat future threats.

# TACLANE Portfolio Grows as the Threat Evolves

**TACLANE FIRST COMES TO MARKET**

TACLANE-CLASSIC  
KG-175

**FIRST MULTI-SPEED CUSTOMIZABLE ENCRYPTOR**

TACLANE-FLEX  
KG-175

TACLANE-ES10  
KG-185A

**TACLANE INTRODUCES ETHERNET DATA ENCRYPTION (EDE)**

**GEMONE**

**MOST EXTENSIVELY UTILIZED ENCRYPTOR MANAGER SOLUTION**

**2000**

**2007**

**2017**

**2019**

**2021**

**2023**

**2024**

TACLANE-MICRO  
KG-175D

**MOST WIDELY DEPLOYED HAIPe**

TACLANE-NANO  
KG-175N

**LOWEST SWAP-C ENCRYPTOR FOR CLASSIFIED**

**ENHANCED PERFORMANCE AT THE EDGE**

TACLANE-C175N  
CHVP

TACLANE Adaptable Security Platform (ASP) KG-185B  
TACLANE-ES100 KGV-185B  
TACLANE-ES400 KGV-185C

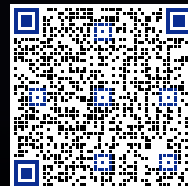

**FASTEST EDE ENCRYPTOR EVER**

## Want to Learn How to Revolutionize YOUR Mission Security?

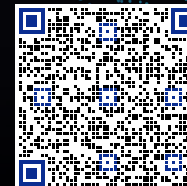

See how TACLANE solutions bring High Assurance security and performance while offering scalability to meet tomorrow's evolving mission needs.

Check out our educational encryption webinar series, sign up for TACLANE operator training and reach out to an encryption expert to learn more!
